Dear Sir:

As permitted by 37 C.F.R. §1.63(d)(1)(i-iv) and MPEP §201.06(c) Applicants have filed herewith a copy of the original Declaration and a new specification that does not contain any subject matter that would have been new matter in the prior application. The accompanying new specification differs from the original specification for parent case Serial No. 10/108,573 in the following ways:

- 1) A reference to the parent applications has been added to the first line of the application as required by 37 C.F.R. §1.78.
- 2) Paragraph numbers have been used in place of line numbers pursuant to 37 C.F.R. §1.52(b)(6).
- 3) Present claims 1-21 have been substituted for the original claims.

Applicants' corrected specification is provided to take advantage of the provisional rights potentially available to Applicants under 35 U.S.C. §154(d). Applicants submit that no new matter has been added.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Kent E. Genin", written over a horizontal line.
